

Protective Finishes, LLC
PRÆTORIAN[™]

MIGHTYONE[™]
High Performance Urethane Floor Finish

MightyOne surpasses hardness and scratch resistance of any urethane floor finish in the Market. The MightyOne is now further enhanced to combat demands of extreme traffic areas: hospitals, airports, shopping centers, and public service centers.

In-Service Advantages:

- One coat StepOne or Signator Sealer
- One coat of MightyOne HD
- Dry time: 4-5 hours
- Faster in-service than 4 coats of acrylic

Application Advantages:

- Excellent leveling - No 'texture' appearance
- Resistant to catalyzed system 'outgassing'
- Coverage 500-550 SF per kit
- Little to no odor

Performance Advantages:

- High Gloss - $80^{\circ} \pm 1^{\circ}$ @ 60° angle (full cure)
- Extreme Scratch Resistance
- Pencil Hardness Test Results:
 - 8-hr dry - 3H
 - 24-hr dry - 4H
 - 2-day - 8H
 - 3-day - 9H+
- Excellent Chemical Resistance
- Superior Black Heel Resistance and Release
- Extreme Resistance to Friction Burns

Maintenance Advantages:

- No Burnishing - No Buffing
- Recoat - Moderate to Heavy Traffic /Good Maintenance - 12 to 18 months on average
- Fast cleaning with white pad and/or micro-fiber
- No diamond polishing or grinding
- Strippable with U20 Remover
